Accompanying this Report are the Annual Reports of the Superintendent of the Almshouse, and the Almshouse Physician. By them it will be seen that the condition of the establishment is almost identical with last year. There have been the same number of deaths; two, and the same average number of inmates, twenty-five.

There has been a marked increase in the number of transient lodgers. Last year the whole number was 228, this year 407.

The above officers have been faithful and given entire satisfaction in the discharge of their respective duties. The house and inmates present as clean and neat an appearance as the most fastidious could desire.

The plan heretofore adopted of employing an Agent to investigate the claims of all applicants for relief, as to their legal settlement, necessities, &c., has the unanimous approbation of the Board. The Agent, from long residence, experience and knowledge of all that pertains to his duties, renders to the city valuable services. We commend to the attention of the inhabitants his entire Report, which is printed herewith.

THEODORE OTIS,

Chairman of the Overseers of the Poor.

IN BOARD OF OVERSEERS OF THE POOR, FEB. 28, 1859.

Referred to the Mayor, with the request that he will cause the same to be printed with the Annual Report of the Receipts and Expenditures of the City.

R E P O R T

OF THE

SUPERINTENDENT OF THE ALMSHOUSE.

ROXBURY ALMSHOUSE, JANUARY 31, 1859.

To the Overseers of the Poor of the City of Roxbury :

GENTLEMEN,—I herewith submit to you my fifth Annual Report of the Almshouse, accompanied with the following statements :

The number of inmates in the house, Feb. 1, 1858, was	24	
Roxbury people admitted during the year	7	
	—	31
Discharged	5	
Died	2	
	—	7
Now remaining in the house	24	
Average number in the house	25	

Four of the number now in the house belong to West Roxbury, and their support is severally charged to that town.

The Physician, Dr. Streeter, has been faithful to the trust committed to him at the Almshouse, and with good results.

For a further statement of the Medical Department, you are referred to the Physician's report.

STATE OR TRAVELLING PAUPERS, ADMITTED FOR TEMPORARY RELIEF.

For some cause, unknown to me, there has been an unusual number of this class of people floating about the past year. The whole number accommodated with food and lodging at the Almshouse during the year, has been 407. I have always avoided keeping them as much as possible more than one night, unless they come on Saturday evening, and then I have kept them till Monday morning.

The number of Paupers sent to the State Almshouse from this City the past year, is 80.

PRODUCE RAISED ON THE ALMSHOUSE LAND.

In my Report of last year, I recommended to have a part of the grounds seeded down to grass, which was done in the Spring.

But none was procured in its stead for the raising of vegetables ; therefore not having as much land to cultivate as in years previous, I did not raise as many potatoes as were wanted for the use of the house, but raised all other vegetables in abundance, namely :

Carrots	4 tons.
Squashes	2 tons.
Turnips	75 bush.
Onions	15 bush.
Potatoes	50 bush.
Parsnips, Beets, Cabbages, &c.									
Pork raised and killed	2,200 lbs.
Milk	1,000 galls.

STOCK AND UTENSILS.

Horses	1
Cows	3
Hogs	6
Horse Wagons, with Harnesses	3
Horse Cart, with Harness	1
Sleigh	1

—and all other Farming Tools sufficient for the use of the place.

N. B.—Two of the horses above named are used for collecting House Offal, but belong to the Overseers of the Poor.

FURNITURE AND BEDDING IN THE HOUSE,

Consisting of Bedsteads, Tables, Chairs, Feather Beds, Under Beds, Pillows and Pillowcases, Sheets, Bedspreads, Counterpanes, Blankets, &c., all in sufficient quantities for the present wants of the House.

Gentlemen,—In closing, permit me to acknowledge the courtesies extended to me by the several members of the present and past Boards of Overseers of the Poor who have been connected with the Almshouse during the past five years.

I remain your obedient servant,

EZRA YOUNG,
Superintendent of Almshouse.

R E P O R T
OF THE
AGENT OF THE OVERSEERS OF THE POOR.

To the Overseers of the Poor for the City of Roxbury :

The Subscriber, your Agent, submits his Annual Report for the year ending this day. For five months, to wit: February, March, November and December, 1858, and January, 1859, he has been in attendance to hear applicants three hours of each day, and the remaining seven months one hour per day two days per week; the remainder of the time, when necessary, outside, for the purpose of investigating cases.

In accordance with what I have understood to be the wish of the Board I have established a rule for giving aid to the State Poor as follows, viz.: Withheld, if they require *support*, and insist upon their removal to Bridgewater. If they can, by their own exertions, nearly support themselves, it is the policy to aid by furnishing fuel in winter, if by reason of sudden sickness, or other calamity, the course is changed. In the matter of our own, who have a settlement, under the advice of the Overseer of the Ward, the *cheapest course* is adopted, whether to send to the Poor House, or aid outside. Your Agent finds more difficulty in contending with the *outside* pressure in behalf of applicants than in them, as outsiders act upon exparte statements, and the Agent investigates. There are many who apply, who do not earn a dollar from January to December, who are fed and clothed by outside (supposed) charity, and who ask for fuel in winter: Such are refused, and aid withheld; but in some of such cases the Overseer for the Ward is operated upon by some outsider, who makes the case his own, (and who ought to make it such, and not impose it upon the city,) so that the rule, for the sake of quiet, is in some such cases departed from. When aid is given to industrious, although poor, applicants, your Agent feels that a good deed has been done; but when, upon compulsion, it is given to *vagrants* (street beggars), it is given with a knowledge of the fact that it is misapplied. Every man or woman, who by his or her labor earns a dollar in any lawful employment, is adding wealth

to the country, and such should be encouraged to remain with us, but the *drones* should have the cold shoulder from every good citizen.

The calls for aid have been less numerous the last three months than the corresponding three months a year since. I account for it by reason of better times and the registering system. To me there seems an unaccountable objection on the part of paupers to going to the State Poor House. For the year ending February 1, 1854, we had in our house at Brook Farm 344 different State paupers; for the year ending February 1, 1857, we sent but 114 to Bridgewater, and the present year but 80. I know the fare, so far as food is concerned, to be as good at Bridgewater as at Brook Farm; and as to the discipline, I am satisfied it is no more rigid than formerly, as our former Superintendent, Mr. Meserve, was the pioneer at Tewksbury, and there is a sameness in the two houses. Now why the aversion to being sent to the State Almshouse, and willingness to go to Brook Farm? I have asked the question often, and have received no satisfactory reply. I have been pained to hear many of our good citizens advise persons not to go to the Poor House, when they knew they were not able to earn a dollar for themselves, and in a state of utter destitution. Do they think the City should perform a service which the State assumes as their duty? If so, I say to you, Gentlemen, and to those citizens,—prepare for an increase of the per centage in your tax-bills hereafter.

Respectfully submitted.

JOSHUA SEAYER.

Roxbury, Jan. 31, 1859.

R E P O R T
OF THE
PHYSICIAN TO THE ALMSHOUSE.

To the Board of Overseers of the Poor :

GENTLEMEN,—The materials for a Report of the Medical Department of the Almshouse are meagre, varying little from year to year, owing to the slight changes which occur among the inmates—changes mainly produced by the occasional death of an inmate, worn out, usually, by some prostrating chronic disease, to be replaced by some other equally unfortunate person, who, after vainly struggling with poverty and disease, in some instances doubtless unavoidable, in others more directly traceable to improvident habits of living, finally finds a refuge in this asylum for the destitute of the City, where the remainder of their days is rendered comfortable in a degree not attainable by them under other circumstances.

In regard to persons chargeable to the State, the number brought to my notice the past year has been small, and their illness of such slight character as not to preclude their immediate removal to the State Almshouse.

The general health of the inmates has been good, although there has been more sickness from acute diseases among the children than usual, viz. : erysipelas, measles, and inflammation of the lungs.

Twenty-five persons have received medical attendance at the Almshouse during the year. Two deaths have occurred—one of consumption, and one of dropsy—both persons who had been inmates of the house for a term of years.

In closing this brief Report, it gives me pleasure to commend the kind and considerate attention of the Superintendent and his wife to the wants of those committed to their care.

Respectfully submitted.

JOSEPH H. STREETER,

Physician to the Almshouse.

Roxbury, Jan. 31, 1859.

REPORT
OF THE
CHIEF ENGINEER OF THE FIRE DEPARTMENT.

ROXBURY, FEBRUARY 14, 1859.

To the Honorable Mayor, Aldermen and Common Council:

GENTLEMEN,—In accordance with the provisions of the Ordinance regulating the Fire Department of this City, I hereby transmit my Annual Report.

It being but two months since I have assumed the duties of Chief Engineer, I am not so well conversant with the operations of the year, as will enable me to speak confidently of all that has transpired. But from a thorough knowledge of the capacity, and the active manner with which the late Chief Engineer performed his duties, and also of the general condition of the Department upon his retirement, the interests of the City I can say were well cared for in his hands.

The Department is now in very good working order. The several companies are all full, and the members prompt when their services are called for. Since the last Annual Report, no addition has been made to the number of engines in the Department. It has been and shall be my endeavor to see that every one of the machines shall have every thing which shall be necessary for immediate service when called for. The Relief Engine, at the Point, I have taken steps to have placed in hands which will render great service in case of any serious fire in the lower part of the City. Our Fire Department is comparatively a small one. We do not however propose to recommend that it be increased by the addition of any more engines; but it is of the utmost importance that the facilities for obtaining water should be increased. There have been repeated instances where two or three engines have been detailed to do the work which one could do were water nearer.

I would therefore urgently recommend that this year three or more Reservoirs be constructed in the most exposed localities. For several years the construction of Reservoirs has been neglected, to the serious damage of our citizens. Let every year a reasonable sum be expended in this direction, until we have interspersed Reservoirs all over the City, from 800 to 1000 feet apart. It will obviate the necessity for any great increase in our Department, and render more efficient what we have.

The accompanying documents show the number of Fire Alarms,—the loss sustained and the insurance, as far as could be ascertained,—names of the Board of Engineers,—members of the Department, with their ages and places of residence,—condition of Houses and Apparatus,—list of Hydrants and Reservoirs, and the general condition of the Department.

The Fire Department have been called out this year 119 times.
